**Mat**

E5/white	
E6/black	

**Material**

Transparent or batch-dyed PMMA

The Kartell catalogue adds yet another piece to its furniture collection, the commode. Starck has taken a new look at it and the Kartell-style commode evokes the lines of classic furniture but with a contemporary accent in its transparency and plastic. Corners and curves, straight lines and sinuous lines play over its surfaces and spark an intriguing game of eye-catching perspectives and reflections. Ghost Buster with three open frontal shelves and sitting on four bifacial legs is the largest plastic monobloc ever made yet in the world of furnishings - just another successful demonstration of Kartell's determination to break down all the barriers of technical challenge.
